Announcement

Announcement Ref. No.: SQASI/CMCS/1/23/0009 RENEWAL OF CERTIFICATE OF CONFORMITY (COC) THAT HAS EXPIRED FOR MORE THAN SIX MONTHS (6).

2024

No.	Start Date
1	12-Dec

Announcement Date: 13 December 2023

Dear Valued Customers,

We would like to inform you of the recent enhancement made to the e-ComM system involving the renewal of the Certificate of Conformity (CoC). Following this enhancement, please be informed that CoCs that have been expired for more than six (6) months will now be automatically blocked or suspended for renewal.

In adherence to clause 4.3 of the Certification Agreement eTAC/DOC/01-1, *the system will automatically suspend the CoC with prior notice from SIRIM QAS International if it has expired for more than six (6) months.* In the event that no action is taken by the Certificate Holder within fourteen (14) working days from the suspension date of the CoC, the CoC shall be recommended to the Malaysian Communications and Multimedia Commission (MCMC) for cancellation without further notice to the Certificate Holder.

However, impacted applicants are given a grace period of 30 days from the date of this announcement to proceed with renewal applications. If no action is taken within this 30-day period, the approved Type Approval application will be closed, and the impacted model shall be subjected to a new Type Approval application before it may be imported.

If you have any questions or concerns, please do not hesitate to reach out to our dedicated customer support team at cmcstech@sirim.my or WhatsApp @ 019 717 2627. We are glad to address any queries you may have.

Thank you for your understanding and continued trust in us.

MONTHS (6).
